RE: 13th Annual explorASIAN Festival

On behalf of Council and the City of Coquitlam, I would like to congratulate the Vancouver Asian Heritage Month Society for providing us with this wonderful opportunity to celebrate Asian Heritage Month during the explorASIAN Festival.

Events like these provide an amazing opportunity to share Pan-Asian Canadian arts and culture at events with actors, artists, dancers, filmmakers, musicians, performers and writers. They contribute to the progress, richness, diversity, and quality of life in the region. With our designation as a Cultural Capital of Canada, Coquitlam is proud to be a part of the cultural traditions that the Pan-Asian cultures bring to the community.

I would like to wish continued success to the Vancouver Asian Heritage Month Society as it promotes Pan-Asian social and cultural activities and events, and I extend my thanks to those who helped organize this year's explorASIAN Festival.

Yours truly,

Richard Stewart
Mayor
